Full-Stack Web Developer

Driven Full-Stack Web Developer and Tech Educator with a passion for front-end development. Over a decade of experience in Project Management, Product Development, and Quality Assurance. Thrives in environments where “wearing multiple hats” is the norm while ensuring technical requirements and product prerequisites are attained. Passionate about learning new technologies, delivering outstanding user experiences, teamwork, and exceeding expectations.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, HTML5, CSS3, SQL, GraphQL

Libraries: React, Vue, Redux, jQuery, Node, Express

Databases: MongoDB, MySQL, PostgreSQL, Firebase

Platforms: Docker

OS: Windows, Linux

PROFESSIONAL EXPERIENCE

Near Apogee Consulting, Seattle, WA

04/2020 to Present

Frontend Developer (Contractor)

Work in Dockerized development environments to create front-end JavaScript logic for data-rich, interactive user interfaces for a content management system built on a Ruby on Rails/HAML/PostgreSQL stack. Work with stakeholders and team members to ensure project deadlines are met in order to deliver outstanding, interactive applications.

University of Washington Professional & Continuing Education - Coding Boot Camp, Seattle, WA

2/2019 to Present

Substitute Instructor / Primary Teaching Assistant

Instructs, coaches, and supports a cohorts of students taking part in a coding boot camp that starts by teaching web development fundamentals such as HTML/CSS/JavaScript/Git and concludes with students creating full-stack progressive web applications utilizing the MERN stack(MongoDB, Express, React, Node). Leads classroom discussions, algorithm challenges, guides student inquiries and helps develop critical thinking. Supports students in their projects, coursework, and hackathons, while providing feedback and guidance to students to help create outstanding future developers.

Trilogy Education Services, Seattle, WA

12/2017 to 12/2019

Senior Full Stack Web Development Tutor (Remote)

Tutored a roster of over 100 students (780 sessions) taking part in Full Stack Web Development coding boot camps at leading universities throughout the US. Coached students and helped unlock their potential in languages and technologies such as GIT, HTML, CSS, Bootstrap, JavaScript, jQuery, Node, NPM, Express, React, Handlebars, Progressive Web Apps (PWAs), Firebase, MongoDB, and SQL.
